

# VIRTUAL MACHIN

# Welcome to VirtualBox!

The left part of application window contains global tools and lists all virtual machines and virtual machine groups. You can right-click on any item in the list to open a context menu or click on it to select it. You can also click on the icons in the toolbar to perform common operations. The right part of the application window displays detailed information about the currently selected element. You can right-click on any item in the list to open a context menu or click on it to select it. You can also click on the icons in the toolbar to perform common operations.

You can press the F1 key to get instant help, or visit [www.virtualbox.org](http://www.virtualbox.org) for more information and latest news.

Create Virtual Machine

## Virtual machine Name and Operating System

Please choose a descriptive name and destination folder for the new virtual machine. The name you choose will be used throughout VirtualBox to identify this machine. Additionally, you can select an ISO image which may be used to install the guest operating system.

Name: Windows 2019 Server 

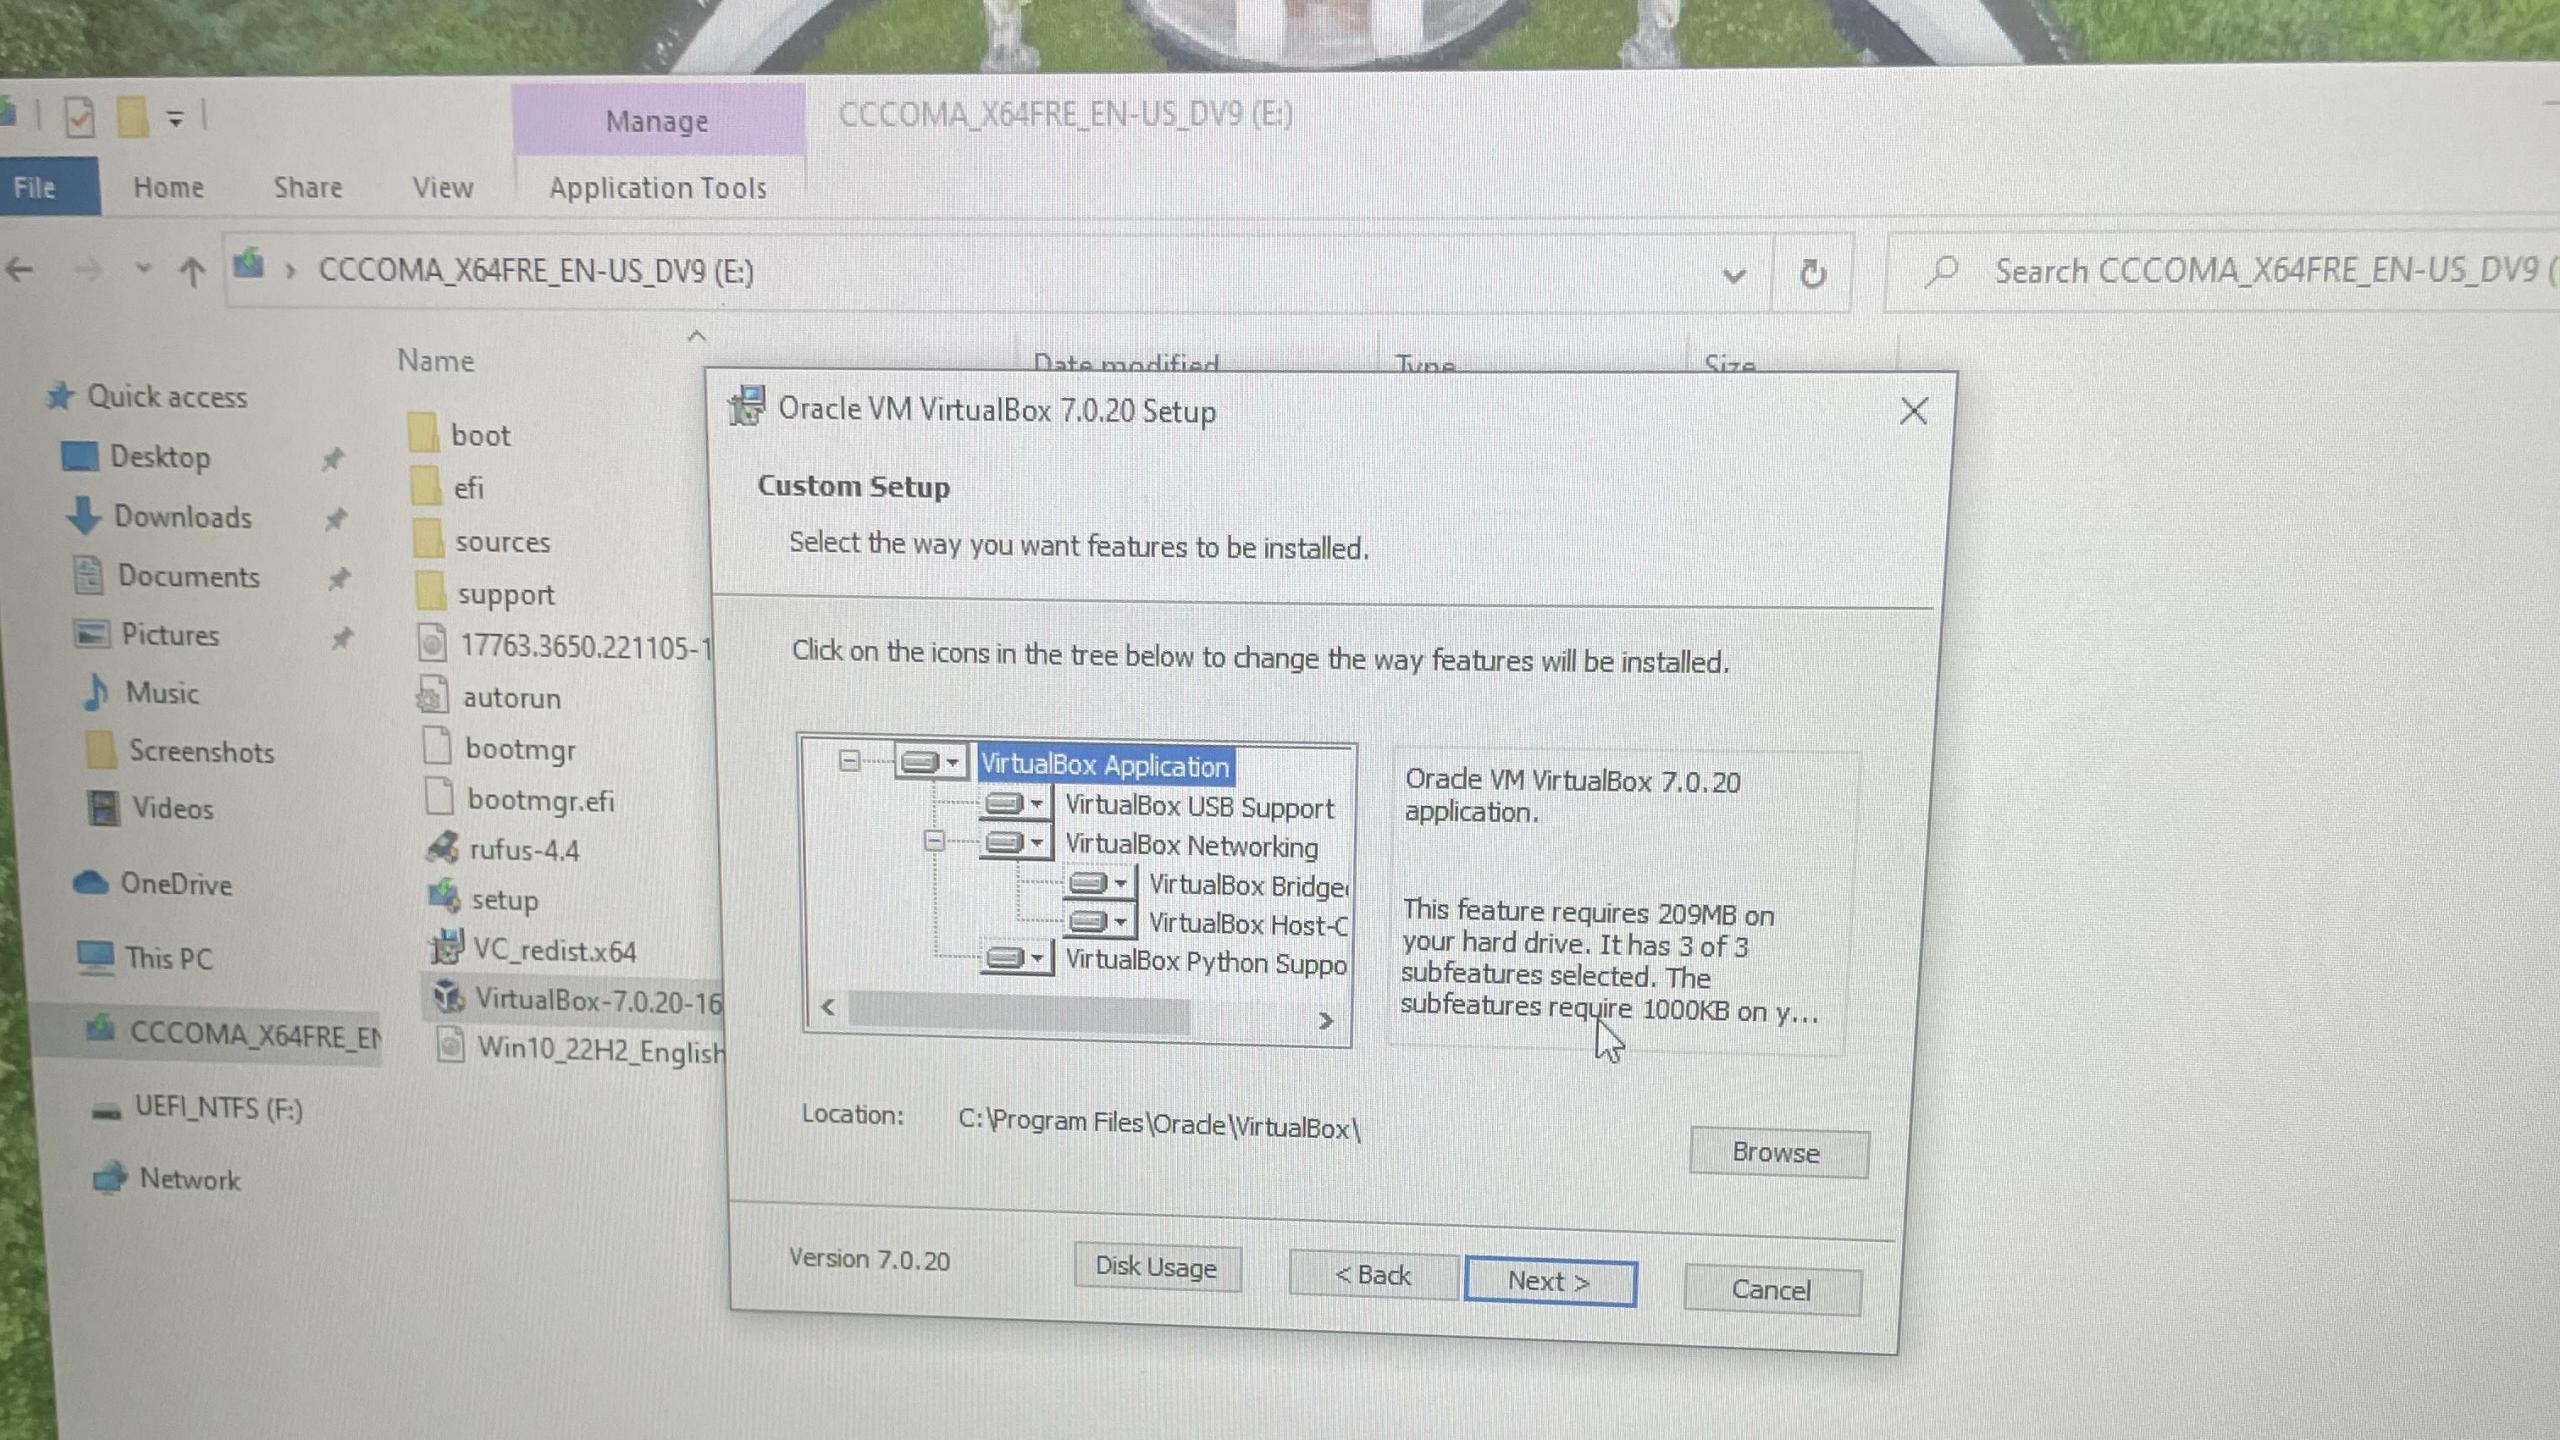

Folder: C:\Users\s9271816\VirtualBox VMs 

ISO Image: E:\17763.3650.221105-1748.rs5\_release\_svc\_refresh\_SERVER\_EVAL\_x64FRE\_en-us (3).iso 

Edition: Windows Server 2019 Standard Evaluation (10.0.17763.3650 / x64 / en-US) 

Type: Microsoft Windows 

Version: Windows 2019 (64-bit)   
Selects the operating system type that you want to install.
